JAGADEESHWARAN

FRONTEND DEVELOPER | jagadeeshwaransp5@gmail.com | 9176720126 | Github | portfoio

SKILLS

LANGUAGES
• Javascript • python
JavaScript • HTML • CSS • React js

TOOLS AND FRAMEWORKS
Node.js • Figma • Tailwind • Git • Vs code • Next js

EDUCATION

B.S. ABDUR RAHMAN CRESCENT UNIVERSITY
B.Tech in Computer Science and Engineering
July 2019 - July 2023

COURSEWORK

UNDERGRADUATE

Web Design Principles
Responsive Web Development
CSS Frameworks
JavaScript Programming
User Experience Design
Web Accessibility Standards

WEB DESIGN ONLINE COURSEWORK

Responsive Web Design Fundamentals (Completed)
User Interface Design (In Progress)
JavaScript for Web Developers (Completed)
Advanced CSS Techniques (Completed)
Animation using Blender with Splines (In Progress)

AWARDS

Mathematics Winner - High School
Art Club Winner - Crescent College
Dramatics Event Winner - Pondicherry College

CERTIFICATIONS

Core Python - IIT Bombay
Frontend Development - HackerRank
Web Development - Exposys Data Labs
Graphic Design - Internshala

EXPERIENCE

WEB DEVELOPER - FULL TIME | Fileago
June 2023 - Jan 2024 | Mumbai, In

- Designed, developed, and tested features to enhance the core cloud application, now live.
- Implemented access permissions and security protocols across the monitoring application.
- Created automated tests using the Mocha framework for maximum code coverage.
- Utilized HTML/CSS, React.js, CSS frameworks, and Git for website development.
- Integrated data from back-end services and databases to enhance functionality.
- Gathered and refined technical specifications.
- Maintained, expanded, and scaled the website, keeping up with emerging technologies.

WEB DEVELOPER INTERN | Exposys Data labs
Aug 2021 - Dec 2021 | Remote

- Developed a hotel reservation system with integrated database functionalities, ensuring efficient data management.
- Collaborated on user-friendly interfaces to enhance navigation and user experience.
- Implemented backend functionalities using Node.js and MongoDB for secure and scalable data storage.
- Conducted testing, debugging, and code reviews to maintain system reliability and functionality.
- Utilized HTML, CSS, JavaScript, and Git for frontend development and version control.
- Engaged in continuous learning and exploration of new tools and frameworks in web development.

PROJECTS

PERSONAL PORTFOLIO - NEXT.JS, TAILWIND CSS | Personal Project   Portfolio

- Designed and developed a personal portfolio website showcasing projects and skills using Next.js and Tailwind CSS.
- Implemented dynamic routing and state management for seamless navigation and content loading.

SHOP WITH DASHBOARD | Personal Project   Shop

- Integrated database functionality for storing user data securely and efficiently.
- Implemented authentication mechanisms to ensure secure access and user privacy.

MOVIE APPLICATION - TAILWIND CSS, HTML/JS | Related Coursework Project   MovieApp

- Designed and implemented a movie application with search functionality, movie details display, and email notification using the EmailJS API.
- Implemented caching mechanisms to optimize performance and reduce load times for movie listings.
